

Kenwood School Newsletter

Principally Speaking

October 7, 2020

Dear Kenwood School Families,

It was so great to welcome our students back to zoom instruction today! As a community, we will continue to focus on our children and maintaining a positive and non-anxious presence during this difficult and challenging time for our area. I appreciate the attitude of perseverance and persistence that our entire staff continues to display. As always, our children being engaged in their learning and connecting with one another through zoom is something we all appreciate and celebrate.

I would like to remind our families that we are offering a webinar in conjunction with our Sonoma County Office of Education to assist families in coping with the many challenges we are facing in helping our children during this time. The link was sent out on Monday to all of our families. I invite you to join in on Wednesday, October 7 from 3:30-4:30 or on Friday, October 9 from 9:00-10:00 a.m.

With regard to the days that we missed last week and earlier this week, we will be applying for a waiver through the state to address the time we missed. I will keep all of our families apprised of this situation as we hear back from the California Department of Education later in the year. Thank you for all that you continue to do to maintain a positive attitude for our children and our entire community.

My Best,
Bob Bales
