Lego Robotics

Open to ALL 4th through 6th
Grade Students!!!!

It's time for Kenwood School's Lego Robotics Program!

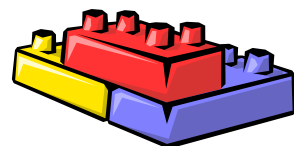

Lego Robotics will prepare students to compete against one another with Lego-based robots they have built and programmed with the computer. Competition events include drag races, and sumo-bots, along with others. Students will prepare for the competition with weekly meetings to get ready for the event on **Thursday, May 14th**. This year we will be having the competition for Kenwood School students only in the MPR during Open House. If you like Legos, and you want to learn computer programming, this is the class for you!

Lego Robotics sessions will meet weekly to prepare for the competition in May, either on Tuesdays OR Thursdays beginning in February from **3:05 to 4:00**. After spring break (beginning March 24th) we will meet every Tuesday OR Thursday from **3:05 to 4:30**.

This year there will be two separate groups, one on Tuesday, and one on Thursdays. Please indicate your preference for your child's meeting day on the form below.

There is a limit of 24 spots in this class— **if more than 24 student sign up, there will be a lottery to select participants.**

Also—we need parent volunteers to help coach students throughout this program. If you are interested in coaching (you don't need to have robotics or computer programming experience), please check the box on the form below. There is no charge for the class.

Lego Robotics Sign-Up Form—Tuesdays OR Thursdays 3:05-4:00 (March 24th—May 3:05-4:30)

Name: _____ Grade Level : 4 5 6

Preferred Meeting Day : (Circle One) Tuesday Thursday Either Day
